

AFFIDAVIT OF TORY BEZAZIAN

Tonight, January 7, 2001 at 6:30 P.M., I was picketing in the correct Zone on Watterson (per the injunction issued by Judge Penick), in Clearwater, FL.

Antonio Avilla (Church of Scientology Security for Office of Special Affairs) was filming me and walked close to me in what seemed like a violation of the 10-foot rule. I asked Officer Corrao what happens if someone walks closer than 10 feet towards me? He said in a very snappy tone "Are you THAT ignorant?" Considering I am trying to follow the law and abide by the judges orders, and thought I was talking to a Clearwater policeman (he was in that uniform) I did not appreciate this hostility.

Officer L M Harbert was also there, and made a few snide comments to me and Randy Enerson about how if we said much more, he might have us arrested. Again, considering we were only picketing, and asking him a few simple questions, this seemed uncalled for.

Bob Minton came up, and each of us warned Bob that these cops seemed to be out for one of use. Bob walked up and as they started to speak to him, Bob pointed out they were in fact violating the injunction as they were being paid by Scientology, and thus were bound by the injunction.

Officer L M Harbert tried to get Mr. Minton to hit him "Go ahead, touch me " and Mr. Minton just kept pointing out he was paid for by Scientology and thus was violating the injunction.

We walked back down the street and over to the trust. As we got there, two police cars pulled around the corner. A sergeant Quinland came up and said "As long as you are willing to call it quits for the night, all will be OK". Bob explained to him how these two policemen were violating the court order, and we called it a night.

It is one thing that this court order has been O.K.'d. It is quite another that Clearwater police are posted outside of Scientology and literally harassing the public.

That is not OK.

Please handle these policemen so that they act in the manner that is expected of them as policemen, while they are on duty. If they are off duty, and are paid by Scientology, they should be in a different uniform as the truth is, at that point they are not really acting FOR Clearwater. This has been obvious more than one time, and I find it very offensive.

The above is true.
